ELECTORAL VOTE FOR TAFT LARGE

Assured of Big Majority in the Electoral College.

MISSOURI MAY BE REPUBLICAN

Official Count Necessary to Determine the Result in That State—Maryland Is Another State That Is So Close an Official Count Will Be Necessary West Virginia in the Republican Column.

New York, Nov. 5.—Practically complete returns indicate that William H. Taft of Ohio, as president-elect, will have a vote of 309 in the electoral college. This is within 16 votes of the forecast made by National Chairman Frank H. Hitchcock and 67 more than a majority out of the total electoral vote of 483. If Missouri gives its vote to Taft his total will be 327. Late returns indicate that Maryland, after vacillating and apparently being safe for the Democracy, has been swung into the Taft column. The unofficial figures give Mr. Taft the state by 135 votes.

Indiana and West Virginia, as well as Montana, turned out to be safely Republican. Colorado went for Bryan. Mr. Bryan has a total of 174 votes, two less than he received in 1896. In 1904 Mr. Parker received only 140 votes, in 1900 Mr. Bryan received 155 votes and in 1896 the Nebraskan received 176 votes.

Mr. Taft's 309 electoral votes compare with 336 received by Roosevelt in 1904, 292 received by McKinley in 1900 and 271 received by McKinley in 1896.

No changes of material interest have been reported in the congressional returns. The Republicans will have about the same working majority in the Sixty-first congress as at present and Joseph G. Cannon of Illinois will probably succeed himself as speaker. Representatives Jesse Overstreet of Indiana and Hepburn of Iowa are the most conspicuous among those who have failed of re-election.

The senate retains its Republican complexion, although there will be a material change in the personnel of the upper body of the national legislature.

The states carried by Mr. Bryan are as follows:

Alabama 11, Arkansas 5, Colorado 5, Florida 5, Georgia 13, Kentucky 13, Louisiana 9, Mississippi 10, Nevada 3, Nebraska 8, North Carolina 12, Oklahoma 7, South Carolina 9, Tennessee 12, Texas 18 and Virginia 12. Total, 156.

Other States Safe for Taft.

All the rest of the states are safe for Taft, with the exception of Maryland and Missouri, where the issue is so close that an official count may be necessary to finally determine the result.

National Chairman Mack of the Democratic party issued a statement in which he declares that he did not believe Mr. Bryan would again be a candidate for the presidency. He said he believed that the Nebraskan might be a candidate for the United States senate in 1911, providing the legislature of his state is Democratic in that year, when the first vacancy will occur.

The latest returns indicate that in the national house of representatives the Republicans will have 211 members and the Democrats 169, with 11 districts missing.

Judge Taft's plurality in the state of New York, according to corrected returns, is 203,495, more than 28,000 in excess of President Roosevelt's plurality of four years ago. Governor Charles E. Hughes was re-elected in New York by 71,150.

Mr. Taft carried Ohio by 50,000 plurality, a reduction of more than 200,000 from the Roosevelt vote of four years ago. The Democratic state ticket in Ohio, headed by Judson Harmon for governor, appears to be safely elected. The state legislature, which is to choose a successor to Senator Foraker, appears to be in doubt as between the Republicans and Democrats.

In Indiana, Mr. Taft was successful in carrying the state by about 8,000, but the entire Democratic state ticket, headed by Marshall for governor, was elected. The congressional delegation from the state shows a gain of seven Democrats.

The returns from West Virginia show that Mr. Taft has a safe plurality.

Colorado has shifted from the doubtful column to the Bryan list. The legislature, which is to choose a successor to Senator Teller, also is apparently Democratic.

Mr. Bryan's victory in his home state of Nebraska was a sweeping one. Five of Nebraska's six congressmen will probably be Democrats, while in the legislature only eighteen Republicans seem to be elected out of a total of 123 senators and representatives.

Bryan's Plurality in Oklahoma.
Oklahoma City, Okla., Nov. 5.—Complete returns from forty counties in the central and northern sections of the state give Bryan a plurality of 13,000. The counties yet to be heard from probably will raise Bryan's plurality to 18,000. The legislature is Democratic and will re-elect United States Senator Gore.

RESULT IN INDIANA QUITE A SURPRISE

Radical Change in Congressional Representation.

Indianapolis, Nov. 5.—A radical change in Indiana's representation in the national house of representatives was the most striking feature of the election. The latest unofficial returns complete give the Democratic party eleven members and the Republicans two. This is a gain of seven members for the Democrats, the former representation being nine Republicans and four Democrats.

William H. Taft carried the state for president, according to incomplete returns, by about 8,000.

Thomas R. Marshall and the entire Democratic state ticket are probably elected by a plurality around 15,000. As the returns come slowly rolling in Marshall's plurality increases while the vote on the Republican national ticket decreases.

The state legislature is probably Democratic, which means that a Democratic successor to Senator James A. Hemenway will be chosen. In this connection the name of John W. Kern is mentioned.

The defeat of Congressman Jesse Overstreet and Charles B. Landis, who were regarded as fixtures in the lower house of congress, is regarded as quite a surprise.

The origin of the gambling device known as the roulette wheel was the praying wheel of Japan, which it closely resembles.

JOHNSON GETS BIG MAJORITY

Leads Jacobson by More Than Twenty Thousand.

LITTLE CHANGE ANTICIPATED

Complete Returns Not Expected to Materially Lessen or Increase the Lead of Minnesota's Governor—Congressman Hepburn Meets Defeat in Iowa—Contest for Governor in North Dakota Close.

St. Paul, Nov. 5.—Governor Johnson's majority in his third race for governor of Minnesota will be close to 25,000. It may be more and it may be somewhat less.

Complete returns from about half the counties in the state and incomplete returns from most of the other counties indicate that Johnson will have a few thousand to spare outside the Twin Cities. His plurality in Minneapolis is 8,500 and in Ramsey county 6,100. Johnson has been running ahead of Jacobson in a great number of counties of the state so the belief that the cities would defeat Jacobson is not justified.

St. Louis county gave Johnson a majority of about 1,000. Duluth gave Jacobson 4,288 and Johnson 5,483, but the outside towns cut this margin down somewhat, the total being Johnson 7,814, Jacobson 6,817.

PLURALITY GROWING.

Taft May Carry Iowa by Over Seventy Thousand.

Des Moines, Ia., Nov. 5.—More complete returns received indicate that Taft's plurality in Iowa will pass the 70,000 mark. The estimate is based on practically complete returns from two-thirds of the counties of the state and it will probably be sustained by complete returns later. This plurality of 70,000 is 6,000 more than was given to McKinley in 1896 and is more than a normal Republican plurality.

Complete returns from the eleven counties in the Eighth congressional district show that W. D. Jamieson, Dem., defeated William P. Hepburn, Rep., by 439 votes.

Jamieson is thirty-five years old and is a native of Iowa. He has conducted a newspaper for the past seven years and two years ago was elected to the state senate. Mr. Hepburn was first elected to congress from Iowa in 1880, and has served continuously with the exception of six years between 1886 and 1892.

STILL IN DOUBT.

Gubernatorial Contest in North Dakota Not Yet Settled.

Fargo, N. D., Nov. 5.—The North Dakota governorship is still causing some speculation in political circles. For a time it looked like Johnson, the Republican nominee, had been elected, but later returns gave Burke stock a decided boost, and he seemed to have a safe lead. Still later returns indicate that Johnson's strength is greater than anticipated, and the Republican state headquarters still claim he has been elected by a scant majority.

Odds, however, greatly favor Burke. His majority will be less than two years ago, if he does win.

Both Marshall and Johnson in the contest for senatorial indorsement each claim victory.

Taft's majority over Bryan in North Dakota is around 30,000.

GETS FIFTY THOUSAND.

Judge Taft Carries His Home State by That Plurality.

Cincinnati, Nov. 5.—A plurality of about 50,000 for Judge Taft, the Republican candidate for president, was the election day expression of the voters of Ohio, who, however, at the same time chose the head of the opposition state ticket by a plurality of probably 20,000. More than half the precincts of the state are included in the figures that show these results, no estimates being considered, and any difference will be simply as to the size of the plurality, there being no question of the certainty of the result. The slow count delayed knowledge of the decision as to legislature and both parties claim to have the majority in that body that will settle the United States senatorship. The same slow count delayed decisions as to the balance of the state ticket.

California for Taft.

San Francisco, Nov. 5.—California will probably give Taft a plurality of over 60,000 votes and in addition has re-elected eight Republican congressmen and a Republican legislature.

RESULT IN NEBRASKA.

Democrats Won a Sweeping Victory in That State.

Lincoln, Neb., Nov. 5.—Returns on the election in Nebraska which, while far from complete, are sufficiently definite to confirm and emphasize the first report that the Democrats have made a sweeping victory in Nebraska. While the pluralities for the victorious party are not phenomenally large, they are complete, the state ticket and candidates for congress in most instances running parallel with Bryan, who was expected to lead the ticket by several thousand. Complete returns from a third of the counties and scattering returns from most of the remainder show that Bryan will have a plurality of not less than 10,000 and Shallenberger, Democratic candidate for governor, and the balance of the Democratic ticket will have hardly a thousand less.

But the Democratic victory does not stop there. At least four or probably five of Nebraska's six congressmen are Democratic, only one Republican, Hinshaw, in the Fourth district, being assured of escaping defeat. Nearly complete returns from every county in the Fourth district show that Hinshaw has won by nearly 700 votes, although his district gave Bryan a plurality. There is a close fight in the Fifth district between Norris, Rep., and Ashton, Dem., with the chances favoring the Democrat. Not enough returns have been received from the Sixth to base an estimate, but the trend of the district is Democratic.

The greatest surprise of all is the overwhelming majority the Democrats will have in the legislature.

Of the 133 senators and representatives elected the canvassers of returns could find but 18 Republicans who had won. These of course are incomplete, but the Republican committee concedes the Democrats will control both branches. Lancaster (Lincoln) which for thirty years has elected none but Republican members to both branches, this year sends four Republicans and three Democrats.

NORTHWESTERN MEN MENTIONED

Given Places in Taft's Cabinet by Slate-Makers.

Washington, Nov. 5.—The usual cabinet slates, which invariably follow the election of a new president, are making their appearance and political wisecracks are busy in forecasting the names of those who will make up President-elect Taft's official family. Of course there is no authoritative ground whatever for the mention of specific names in connection with the new cabinet, as Mr. Taft has not given the slightest intimation of his intentions, so far as can be learned.

In this speculative comment which is being indulged in, the name of Secretary Root is often mentioned as likely to continue at the head of the statement, if he desires to stay.

It appears to be the general impression that Secretary of War Wright will be another cabinet officer to remain, owing to the warm personal attachment existing between himself and the president-elect.

It appears to be quite generally accepted in current speculation that Frank H. Hitchcock, chairman of the Republican national committee, will be included in the forthcoming cabinet, probably as postmaster general. The defeat of Congressman Hepburn of Iowa has aroused some comment as to his availability as secretary of commerce and labor.

Secretary of Agriculture Wilson will probably retain his portfolio; ex-Governor Herrick of Ohio may be made secretary of the treasury; Senator Crane of Massachusetts secretary of the navy; Charles F. Booker of Connecticut secretary of the interior, and Frank B. Kellogg of Minnesota attorney general.

One Democrat Elected.

Wilmington, Del., Nov. 5.—The returns from rural New Castle county and from Kent and Sussex, the two lower counties in Delaware, are slow coming in, but information has been received to show that the entire Republican state ticket with the exception of Davis for attorney general, has been elected. Gray, Dem., for the latter office, has probably been chosen by 2,000 plurality. It will require the official count to determine which party will have a majority on joint ballot in the legislature.

Bristow Will Go to the Senate.

Topeka, Kan., Nov. 5.—Returns from fifty-nine counties complete and incomplete, have been received. These give Taft 22,024, and Bryan 16,417. Late returns are reducing the estimated plurality of Taft and of Stubbs for governor. Stubbs' plurality is placed at 20,000 to 25,000, and Taft's about 3,000 more. The election of Joseph L. Bristow to the United States senate is assured.

MAJORITY IS SMALL.

Taft Has Carried Montana by About Three Thousand.

Butte, Mont., Nov. 5.—Advices from throughout Montana indicate that Taft has carried the state by a majority close to 3,000. Charles N. Pray of Fort Benton is re-elected to congress by about 4,900.

The governorship is still in doubt, with Donlan, Rep., running about 1,600 behind Norris, Dem. The chances are that the latter's lead will be reduced.

About 30,000 votes are yet to be

heard from throughout the state. Returns indicate the election of the Republican state ticket with the exception of governor, although several Democrats may pull through.

Warner Again Elected.

Detroit, Nov. 5.—With Detroit and Wayne county estimated, and with five other counties out of the total of eighty-three missing, it is estimated that Governor Warner, Rep., is re-elected by a plurality of 10,233 over his Democratic opponent, Lawton T. Hemans.

Nevada for Bryan.

Reno, Nev., Nov. 5.—While the returns are not complete from this state it is safe to say Bryan carries it by less than 1,000. United States Senator Newlands, Dem., will win by a small majority, while Bartlett, Dem., for congressman, will have a heavy plurality.

WRIGHT ELECTED DISTRICT JUDGE

That B. F. Wright is elected district
judge over C. W. Stanton is now prac-
tically certain. Of course none of the
counties are all in with the possible ex-
ception of Hubbard, but there can hard-
ly be changes sufficient to alter the re-
sult. The following are the majorities
in the various counties as nearly as can
be ascertained at present:

	Wright	Stanton
Hubbard.....	847.....	
Itasca.....	400.....	
Cass.....	200.....	
Clearwater.....	158.....	
Beltrami.....		900
Crow Wing.....		200
Aitkin.....		80
Koochiching.....		200

Total..... 1605..... 1380

In this table the figures on Hubbard
and Clearwater are practically all com-
plete. In Cass Wright has 120 and the
ratio of gain will, if kept up give him
200. In Itasca 30 out of 50 precincts
give 240 for Wright and Thwing's esti-
mate of the rest gives Wright the
county by 400.

In Beltrami Stanton is ahead
800 and it is estimated that he will have
900. In Crow Wing he has 233 with
four precincts to hear from, which are
sure to cut Stanton's lead. In Aitkin
he has a lead of 60 on the returns now
in which it is estimated will increase
to 80. Nothing has been heard from
Koochiching county till late this after-
noon when through the courtesy of the
of the chief dispatcher of the Minne-
sota & International railroad it was
learned by THE DISPATCH that 26 pre-
cincts of 43 give Stanton 171, which he
can hardly swell to exceed 200.

MOTHER AND SON DEAD.

Double Tragedy Follows Revelation of Secret Marriage.

New York, Nov. 5.—Revelation by a son to his mother of a secret marriage and parental refusal to be reconciled to it is believed to have been the impelling cause of a double tragedy in a large uptown apartment house here. The victims of the tragedy were Mrs. Rebecca Velt, a wealthy widow, and her only son, J. Nelson Velt, a Wall street broker, the circumstances of the affair indicating that the mother was shot by the son, and the latter then took his own life by inhaling illuminating gas. Mrs. Velt lay dead in her bed from bullet wounds in her head and body, while her son was found on the floor of the bathroom in his mother's apartment, lifeless from asphyxiation. An aunt of the suicide, Miss Anna Velt, discovered the bodies when she sought to awaken Mrs. Velt, in whose apartment she had spent the night.

The police made the discovery that Velt, who was supposed to be single, was married secretly in October of last year. His mother, who spent several months each year in Europe, had only recently returned from France and the coroner's theory is that her finding out about her son's marriage precipitated a quarrel between them, culminating in the tragedy.

KILLS HER CHILD.

Young Woman Murders Infant at Duluth.

Duluth, Nov. 5.—Ella Makki, an unmarried woman, murdered her newly-born infant in a little shack on the lake shore here. She is at the hospital under arrest. The child was killed shortly after being born. Its head was crushed in two places, besides which the doctors say it was strangled. The mother, who is a Finn, twenty-five years old, says the man who betrayed her is in Finland. She does not seem to realize the gravity of the charge against her and only worries about what her punishment will be.

The infant's body was found in a trunk near where the mother lay sick almost to death. No doctor attended her at or before the birth.

REPUBLICANS IN CONTROL

Will Have a Majority in Both Houses of Congress.

Chicago, Nov. 5.—Three hundred and eighty congressional districts have been heard from and the political complexion of the Sixty-first congress, according to present information, and with eleven districts yet to hear from will be as follows:

Republicans, 211; Democrats, 169; necessary for legislation control, 196. It is possible that the result in several doubtful districts may alter these figures within the next few days. The Democrats have to date 169 representatives against 206 for the Republicans. One hundred and ninety-six votes will control the house. The house of representatives in the Sixty-first congress consisted of 166 Democrats, 233 Republicans, and there were two vacancies.

The present indications are that the Republicans will have about a two-thirds majority in the United States senate, as the result of Tuesday's elections, or practically the same as at present. Of the 92 members of that body, 61 held over, leaving only 31 places to fill. Of these, 18 are Republicans and 13 Democrats. Alabama, Arkansas, Louisiana and Maryland already have chosen Democrats, and Kentucky and Vermont Republicans.

WEST VIRGINIA FOR TAFT

Will Probably Have Twenty Thousand Majority in That State.

Grafton, W. Va., Nov. 5.—Taft will probably have 20,000 majority in West Virginia, while Glasscock, Republican candidate for governor, has pulled through with a majority of about 5,000. The remainder of the Republican state ticket is elected by an indicated majority of from 10,000 to 15,000 and five congressional districts will return Republican congressmen. Material gains have been made by the Democrats in their representation in the state legislature.

MARYLAND IS REPUBLICAN

Taft Carries the State by Very Small Plurality.

OFFICIAL COUNT NECESSARY

Lead of Republican Candidate Placed at Only One Hundred and Thirty-six Votes—Bryan Has a Plurality in Missouri Over His Republican Opponent of Only Sixty-seven Votes. Hadley Elected Governor of That State.

Baltimore, Nov. 5.—The political pendulum has swung once more and on the face of unofficial returns Taft has carried Maryland by 136 votes.

Neither side is content with these figures, which, it must be said, are not so satisfactory as they might be, because of the way in which returns from a few of the precincts of Dorchester and Worcester counties have been sent in by correspondents. In these precincts, sufficient easily to change the result, the correspondents have figured out the pluralities instead of sending in to their papers the number of votes cast for each candidate. Unquestionably, the official count must be looked to for the actual result, and neither side will feel convinced until the result of that count is made known. There must be taken into consideration, too, the possibility of a dividend electoral delegation, as while figures are lacking it is known that the votes for the several electors have varied and this variation may prove material.

The returns from the counties have caused the greatest surprise. It was at first believed that Taft had carried the state by a plurality in the neighborhood of 3,000. Then the returns from the counties began to cut down this apparent lead, and finally after some fluctuations, it appeared to be wiped out altogether. But still later returns showed a reaction of small but potent proportions. Every precinct in the state has been heard from and from all but about a dozen the full figures on Bryan and Taft have been received. From the others have come, as stated, the pluralities for one or the other as figured by the local correspondents. Using these figures, Taft's vote in state and city combined is 111,267 and Bryan's 111,131.

The Maryland delegation in congress remains unchanged in political complexion.

BRYAN IN THE LEAD.

But Result in Missouri is Very Doubtful.

St. Louis, Nov. 5.—Returns compiled from every county in the state give Bryan a lead over Taft in Missouri of 67 votes. From 18 of the 114 counties, however, complete reports have not been received and for these counties the statisticians made careful estimates. Complete returns from the missing precincts may chance the result one way or another, and it is probable that the official count alone can determine whether Missouri has given its 18 electoral votes to Bryan or to Taft.

The same tables which give Bryan a lead of 67 votes, give Hadley for governor a lead of 15,148, making his election over W. S. Cowherd a certainty. This is the first time in nearly thirty-five years that Missouri has elected a Republican governor.

Indications still are that the Democrats will control the legislature on joint ballot by four or five votes.

TAFT FEELS GRATIFIED.

Says His Success Will Also Be the Success of the Country.

Cincinnati, Nov. 5.—W. H. Taft gave hearty expression to the gratification he felt on his election as president of the United States. Business, labor and agriculture, he declared, had supported him. His success, he said, should be also the success of the country, if his ability and endeavor could make it so.

"Please say that I am perfectly healthy, but tired," was the message Judge Taft wished uttered for him. With Mrs. Taft he enjoyed the pleasant household of the C. P. Taft family mansion all day, going forth only once, and then to receive the plaudits of thousands of his fellow townsmen as they lined the streets and filled the windows for blocks in the line of march of the parade of the Woodward high school pupils, faculty and trustees. Mr. Taft made the principal address at the cornerstone laying of the new building of this school, from which he graduated when a boy.

The function gave the city an opportunity to pay its first daylight tribute to the president-elect, and full advantage was taken of it. Judge Taft did not refer to the election or politics in his brief address, but confined himself to the history of the school, which held for him many fond memories.

Taft's Majority in Oregon.

Portland, Ore., Nov. 5.—Returns from Oregon give Judge Taft a lead of 26,617 over Bryan. These returns give Debs but 3,109 votes, Chafin 1,284 and Hilsen 178. Later returns probably will increase Taft's lead, his total majority going to 29,500 or more.

PRESIDENT ELIOT RESIGNS

Head of Harvard University Declines to Explain Act.

Boston, Nov. 5.—President Charles W. Eliot of Harvard university declines for the present to make any explanation of his resignation, which was presented to the board of overseers of Harvard college at a special meeting in this city and accepted. In university circles it is commonly understood that President Eliot, who will be seventy-five years old next March, and who has been at the head of Harvard for forty years, desires to be free from the cares of office the remainder of his life.

Business Man Killed.

Watertown, S. D., Nov. 5.—A fatal shooting affray which marked election day in Cedington county has prevented any celebration over the returns. Will Bond, a prominent business man of Florence, in the northwest corner of the county, was killed, it is said, without provocation by Gunder Tange, a farmer living near the town. Tange, it is declared, was intoxicated.

Emery wheels are made by pulverizing pieces of emery and then mixing just with clay into suitable molds and firing like earthenware.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every taint or corrupting element. In this way it cures blotches, pimples, eruptions, acrofulous swellings, sores, or open eating ulcers, and all humors or diseases arising from bad blood. If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practical doctors of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

ELECTORAL VOTE FOR TAFT LARGE

Assured of Big Majority in the Electoral College.

MISSOURI MAY BE REPUBLICAN

Official Count Necessary to Determine the Result in That State—Maryland Is Another State That Is So Close an Official Count Will Be Necessary West Virginia in the Republican Column.

New York, Nov. 5.—Practically complete returns indicate that William H. Taft of Ohio, as president-elect, will have a vote of 309 in the electoral college. This is within 16 votes of the forecast made by National Chairman Frank H. Hitchcock and 67 more than a majority out of the total electoral vote of 483. If Missouri gives its vote to Taft his total will be 327. Late returns indicate that Maryland, after vacillating and apparently being safe for the Democracy, has been swung into the Taft column. The unofficial figures give Mr. Taft the state by 136 votes.

Indiana and West Virginia, as well as Montana, turned out to be safely Republican. Colorado went for Bryan.

Mr. Bryan has a total of 174 votes, two less than he received in 1896. In 1904 Mr. Parker received only 140 votes, in 1900 Mr. Bryan received 155 votes and in 1896 the Nebraskan received 176 votes.

Mr. Taft's 309 electoral votes compare with 336 received by Roosevelt in 1904, 292 received by McKinley in 1900 and 271 received by McKinley in 1896.

No changes of material interest have been reported in the congressional returns. The Republicans will have about the same working majority in the Sixty-first congress as at present and Joseph G. Cannon of Illinois will probably succeed himself as speaker. Representatives Jesse Overstreet of Indiana and Hepburn of Iowa are the most conspicuous among those who have failed of re-election.

The senate retains its Republican complexion, although there will be a material change in the personnel of the upper body of the national legislature.

The states carried by Mr. Bryan are as follows:

Alabama 11, Arkansas 5, Colorado 5, Florida 5, Georgia 13, Kentucky 13, Louisiana 9, Mississippi 10, Nevada 3, Nebraska 8, North Carolina 12, Oklahoma 7, South Carolina 9, Tennessee 12, Texas 18 and Virginia 12. Total, 156.

Other States Safe for Taft.

All the rest of the states are safe for Taft, with the exception of Maryland and Missouri, where the issue is so close that an official count may be necessary to finally determine the result.

National Chairman Mack of the Democratic party issued a statement in which he declares that he did not believe Mr. Bryan would again be a candidate for the presidency. He said he believed that the Nebraskan might be a candidate for the United States senate in 1911, providing the legislature of his state is Democratic in that year, when the first vacancy will occur.

The latest returns indicate that in the national house of representatives the Republicans will have 211 members and the Democrats 169, with 11 districts missing.

Judge Taft's plurality in the state of New York, according to corrected re-

turns, is 203,495, more than 28,000 in excess of President Roosevelt's plurality of four years ago. Governor Charles E. Hughes was re-elected in New York by 71,150.

Mr. Taft carried Ohio by 50,000 plurality, a reduction of more than 200,000 from the Roosevelt vote of four years ago. The Democratic state ticket in Ohio, headed by Judson Harmon for governor, appears to be safely elected. The state legislature, which is to choose a successor to Senator Foraker, appears to be in doubt as between the Republicans and Democrats.

In Indiana, Mr. Taft was successful in carrying the state by about 8,000, but the entire Democratic state ticket, headed by Marshall for governor, was elected. The congressional delegation from the state shows a gain of seven Democrats.

The returns from West Virginia show that Mr. Taft has a safe plurality.

Colorado has shifted from the doubtful column to the Bryan list. The legislature, which is to choose a successor to Senator Teller, also is apparently Democratic.

Mr. Bryan's victory in his home state of Nebraska was a sweeping one. Five of Nebraska's six congressmen will probably be Democrats, while in the legislature only eighteen Republicans seem to be elected out of a total of 133 senators and representatives.

Bryan's Plurality in Oklahoma.

Oklahoma City, Okla., Nov. 5.—Complete returns from forty counties in the central and northern sections of the state give Bryan a plurality of 13,000. The counties yet to be heard from probably will raise Bryan's plurality to 18,000. The legislature is Democratic and will re-elect United States Senator Gore.

RESULT IN INDIANA QUITE A SURPRISE

Radical Change in Congressional Representation.

Indianapolis, Nov. 5.—A radical change in Indiana's representation in the national house of representatives was the most striking feature of the election. The latest unofficial returns complete give the Democratic party eleven members and the Republicans two. This is a gain of seven members for the Democrats, the former representation being nine Republicans and four Democrats.

William H. Taft carried the state for president, according to incomplete returns, by about 8,000.

Thomas R. Marshall and the entire Democratic state ticket are probably elected by a plurality around 15,000. As the returns come slowly rolling in Marshall's plurality increases while the vote on the Republican national ticket decreases.

The state legislature is probably Democratic, which means that a Democratic successor to Senator James A. Hemenway will be chosen. In this connection the name of John W. Kern is mentioned.

The defeat of Congressman Jesse Overstreet and Charles B. Landis, who were regarded as fixtures in the lower house of congress, is regarded as quite a surprise.

The origin of the gambling device known as the roulette wheel was the praying wheel of Japan, which it closely resembles.

JOHNSON GETS BIG MAJORITY

Leads Jacobson by More Than Twenty Thousand.

LITTLE CHANGE ANTICIPATED

Complete Returns Not Expected to Materially Lessen or Increase the Lead of Minnesota's Governor—Congressman Hepburn Meets Defeat in Iowa—Contest for Governor in North Dakota Close.

St. Paul, Nov. 5.—Governor Johnson's majority in his third race for governor of Minnesota will be close to 25,000. It may be more and it may be somewhat less.

Complete returns from about half the counties in the state and incomplete returns from most of the other counties indicate that Johnson will have a few thousand to spare outside the Twin Cities. His plurality in Minneapolis is 8,500 and in Ramsey county 6,100. Johnson has been running ahead of Jacobson in a great number of counties of the state so the belief that the cities would defeat Jacobson is not justified.

St. Louis county gave Johnson a majority of about 1,000. Duluth gave Jacobson 4,288 and Johnson 5,483, but the outside towns cut this margin down somewhat, the total being Johnson 7,814, Jacobson 6,817.

PLURALITY GROWING.

Taft May Carry Iowa by Over Seventy Thousand.

Des Moines, Ia., Nov. 5.—More complete returns received indicate that Taft's plurality in Iowa will pass the 70,000 mark. The estimate is based on practically complete returns from two-thirds of the counties of the state and it will probably be sustained by complete returns later. This plurality of 70,000 is 6,000 more than was given to McKinley in 1896 and is more than a normal Republican plurality.

Complete returns from the eleven counties in the Eighth congressional district show that W. D. Jamieson, Dem., defeated William P. Hepburn, Rep., by 439 votes.

Jamieson is thirty-five years old and is a native of Iowa. He has conducted a newspaper for the past seven years and two years ago was elected to the state senate. Mr. Hepburn was first elected to congress from Iowa in 1880, and has served continuously with the exception of six years between 1886 and 1892.

STILL IN DOUBT.

Gubernatorial Contest in North Dakota Not Yet Settled.

Fargo, N. D., Nov. 5.—The North Dakota governorship is still causing some speculation in political circles. For a time it looked like Johnson, the Republican nominee, had been elected, but later returns gave Burke stock a decided boost, and he seemed to have a safe lead. Still later returns indicate that Johnson's strength is greater than anticipated, and the Republican state headquarters still claim he has been elected by a scant majority.

Odds, however, greatly favor Burke. His majority will be less than two years ago, if he does win.

Both Marshall and Johnson in the contest for senatorial endorsement each claim victory.

Taft's majority over Bryan in North Dakota is around 30,000.

GETS FIFTY THOUSAND.

Judge Taft Carries His Home State by That Plurality.

Cincinnati, Nov. 5.—A plurality of about 50,000 for Judge Taft, the Republican candidate for president, was the election day expression of the voters of Ohio, who, however, at the same time chose the head of the opposition state ticket by a plurality of probably 20,000. More than half the precincts of the state are included in the figures that show these results, no estimates being considered, and any difference will be simply as to the size of the plurality, there being no question of the certainty of the result. The slow count delayed knowledge of the decision as to legislature and both parties claim to have the majority in that body that will settle the United States senatorship. The same slow count delayed decisions as to the balance of the state ticket.

California for Taft.

San Francisco, Nov. 5.—California will probably give Taft a plurality of over 60,000 votes and in addition has re-elected eight Republican congressmen and a Republican legislature.

RESULT IN NEBRASKA.

Democrats Won a Sweeping Victory in That State.

Lincoln, Neb., Nov. 5.—Returns on the election in Nebraska which, while far from complete, are sufficiently definite to confirm and emphasize the first report that the Democrats have made a sweeping victory in Nebraska. While the pluralities for the victorious party are not phenomenally large, they are complete, the state ticket and candidates for congress in most instances running parallel with Bryan, who was expected to lead the ticket by several thousand. Complete returns from a third of the counties and scattering returns from most of the remainder show that Bryan will have a plurality of not less than 10,000 and Shallenberger, Democratic candidate for governor, and the balance of the Democratic ticket will have hardly a thousand less.

But the Democratic victory does not stop there. At least four or probably five of Nebraska's six congressmen are Democratic, only one Republican, Hinshaw, in the Fourth district, being assured of escaping defeat. Nearly complete returns from every county in the Fourth district show that Hinshaw has won by nearly 700 votes, although his district gave Bryan a plurality. There is a close fight in the Fifth district between Norris, Rep., and Ashton, Dem., with the chances favoring the Democrat. Not enough returns have been received from the Sixth to base an estimate, but the trend of the district is Democratic.

The greatest surprise of all is the overwhelming majority the Democrats will have in the legislature.

Of the 133 senators and representatives elected the canvassers of returns could find but 18 Republicans who had won. These of course are incomplete, but the Republican committee concedes the Democrats will control both branches. Lancaster (Lincoln) which for thirty years has elected none but Republican members to both branches, this year sends four Republicans and three Democrats.

NORTHWESTERN MEN MENTIONED

Given Places in Taft's Cabinet by Slate-Makers.

Washington, Nov. 5.—The usual cabinet slates, which invariably follow the election of a new president, are making their appearance and political wisecracks are busy in forecasting the names of those who will make up President-elect Taft's official family. Of course there is no authoritative ground whatever for the mention of specific names in connection with the new cabinet, as Mr. Taft has not given the slightest intimation of his intentions, so far as can be learned. In this speculative comment which is being indulged in, the name of Secretary Root is often mentioned as likely to continue at the head of the statement, if he desires to stay.

It appears to be the general impression that Secretary of War Wright will be another cabinet officer to remain, owing to the warm personal attachment existing between himself and the president-elect.

It appears to be quite generally accepted in current speculation that Frank H. Hitchcock, chairman of the Republican national committee, will be included in the forthcoming cabinet, probably as postmaster general.

The defeat of Congressman Hepburn of Iowa has aroused some comment as to his availability as secretary of commerce and labor.

Secretary of Agriculture Wilson will probably retain his portfolio; ex-Governor Herrick of Ohio may be made secretary of the treasury; Senator Crane of Massachusetts secretary of the navy; Charles F. Booker of Connecticut secretary of the interior, and Frank B. Kellogg of Minnesota attorney general.

One Democrat Elected.

Wilmington, Del., Nov. 5.—The returns from rural New Castle county and from Kent and Sussex, the two lower counties in Delaware, are slow coming in, but information has been received to show that the entire Republican state ticket with the exception of Davis for attorney general, has been elected. Gray, Dem., for the latter office, has probably been chosen by 2,000 plurality. It will require the official count to determine which party will have a majority on joint ballot in the legislature.

Bristow Will Go to the Senate.

Topeka, Kan., Nov. 5.—Returns from fifty-nine counties complete and incomplete, have been received. These give Taft 22,024, and Bryan 16,417. Late returns are reducing the estimated plurality of Taft and of Stubbs for governor. Stubbs' plurality is placed at 20,000 to 25,000, and Taft's about 3,000 more. The election of Joseph L. Bristow to the United States senate is assured.

Warner Again Elected.

Detroit, Nov. 5.—With Detroit and Wayne county estimated, and with five other counties out of the total of eighty-three missing, it is estimated that Governor Warner, Rep., is re-elected by a plurality of 10,233 over his Democratic opponent, Lawton T. Hemans.

Nevada for Bryan.

Reno, Nev., Nov. 5.—While the returns are not complete from this state it is safe to say Bryan carries it by less than 1,000. United States Senator Newlands, Dem., will win by a small majority, while Bartlett, Dem., for congressman, will have a heavy plurality.

About 30,000 votes are yet to be

WRIGHT ELECTED DISTRICT JUDGE

That B. F. Wright is elected district
judge over C. W. Stanton is now prac-
tically certain. Of course none of the
counties are all in with the possible ex-
ception of Hubbard, but there can hard-
ly be changes sufficient to alter the re-
sult. The following are the majorities
in the various counties as nearly as can
be ascertained at present:

	Wright	Stanton
Hubbard.....	847.....	400.....
Itasca.....	400.....	200.....
Cass.....	200.....	158.....
Clearwater.....	158.....	900.....
Beltrami.....	900.....	200.....
Crow Wing.....	200.....	80.....
Aitkin.....	80.....	200.....
Koochiching.....	200.....	1605.....
Total.....	1605.....	1380.....

In this table the figures on Hubbard
and Clearwater are practically all com-
plete. In Cass Wright has 120 and the
ratio of gain will, if kept up give him
200. In Itasca 30 out of 50 precincts
give 240 for Wright and Thwing's esti-
mate of the rest gives Wright the
county by 400.

In Beltrami Stanton is ahead
800 and it is estimated that he will have
900. In Crow Wing he has 233 with
four precincts to hear from, which are
sure to cut Stanton's lead. In Aitkin
he has a lead of 60 on the returns now
in which it is estimated will increase
to 80. Nothing has been heard from
Koochiching county till late this after-
noon when through the courtesy of the
of the chief dispatcher of the Minne-
sota & International railroad it was
learned by THE DISPATCH that 26 pre-
cincts of 43 give Stanton 171, which he
can hardly swell to exceed 200.

MOTHER AND SON DEAD.

Double Tragedy Follows Revelation of Secret Marriage.

New York, Nov. 5.—Revelation by a son to his mother of a secret marriage and parental refusal to be reconciled to it is believed to have been the impelling cause of a double tragedy in a large uptown apartment house here. The victims of the tragedy were Mrs. Rebecca Velt, a wealthy widow, and her only son, J. Nelson Velt, a Wall street broker, the circumstances of the affair indicating that the mother was shot by the son, and the latter then took his own life by inhaling illuminating gas. Mrs. Velt lay dead in her bed from bullet wounds in her head and body, while her son was found on the floor of the bathroom in his mother's apartment, lifeless from asphyxiation. An aunt of the suicide, Miss Anna Velt, discovered the bodies when she sought to awaken Mrs. Velt, in whose apartment she had spent the night.

The police made the discovery that Velt, who was supposed to be single, was married secretly in October of last year. His mother, who spent several months each year in Europe, had only recently returned from France and the coroner's theory is that her finding out about her son's marriage precipitated a quarrel between them, culminating in the tragedy.

KILLS HER CHILD.

Young Woman Murders Infant at Duluth.

Duluth, Nov. 5.—Ella Makki, an unmarried woman, murdered her newly-born infant in a little shack on the lake shore here. She is at the hospital under arrest. The child was killed shortly after being born. Its head was crushed in two places, besides which the doctors say it was strangled. The mother, who is a Finn, twenty-five years old, says the man who betrayed her is in Finland. She does not seem to realize the gravity of the charge against her and only worries about what her punishment will be.

The infant's body was found in a trunk near where the mother lay sick almost to death. No doctor attended her at or before the birth.

REPUBLICANS IN CONTROL

Will Have a Majority in Both Houses of Congress.

Chicago, Nov. 5.—Three hundred and eighty congressional districts have been heard from and the political complexion of the Sixty-first congress, according to present information, and with eleven districts yet to hear from will be as follows:

Republicans, 211; Democrats, 169; necessary for legislation control, 196. It is possible that the result in several doubtful districts may alter these figures within the next few days. The Democrats have to date 169 representatives against 206 for the Republicans. One hundred and ninety-six votes will control the house. The house of representatives in the Sixtieth congress consisted of 166 Democrats, 223 Republicans, and there were two vacancies.

The present indications are that the Republicans will have about a two-thirds majority in the United States senate, as the result of Tuesday's elections, or practically the same as at present. Of the 92 members of that body, 61 hold over, leaving only 31 places to fill. Of these, 18 are Republicans and 13 Democrats. Alabama, Arkansas, Louisiana and Maryland already have chosen Democrats, and Kentucky and Vermont Republicans.

WEST VIRGINIA FOR TAFT

Will Probably Have Twenty Thousand Majority in That State.

Grafton, W. Va., Nov. 5.—Taft will probably have 20,000 majority in West Virginia, while Glasscock, Republican candidate for governor, has pulled through with a majority of about 5,000. The remainder of the Republican state ticket is elected by an indicated majority of from 10,000 to 15,000 and five congressional districts will return Republican congressmen. Material gains have been made by the Democrats in their representation in the state legislature.

MARYLAND IS REPUBLICAN

Taft Carries the State by Very Small Plurality.

OFFICIAL COUNT NECESSARY

Lead of Republican Candidate Placed at Only One Hundred and Thirty-six Votes—Bryan Has a Plurality in Missouri Over His Republican Opponent of Only Sixty-seven Votes. Hadley Elected Governor of That State.

Baltimore, Nov. 5.—The political pendulum has swung once more and on the face of unofficial returns Taft has carried Maryland by 136 votes.

Neither side is content with these figures, which, it must be said, are not so satisfactory as they might be, because of the way in which returns from a few of the precincts of Dorchester and Worcester counties have been sent in by correspondents. In these precincts, sufficient easily to change the result, the correspondents have figured out the pluralities instead of sending in to their papers the number of votes cast for each candidate. Unquestionably, the official count must be looked to for the actual result, and neither side will feel convinced until the result of that count is made known. There must be taken into consideration, too, the possibility of a dividend electoral delegation, as while figures are lacking it is known that the votes for the several electors have varied and this variation may prove material.

The returns from the counties have caused the greatest surprise. It was at first believed that Taft had carried the state by a plurality in the neighborhood of 3,000. Then the returns from the counties began to cut down this apparent lead, and finally after some fluctuations, it appeared to be wiped out altogether. But still later returns showed a reaction of small but potent proportions. Every precinct in the state has been heard from and from all but about a dozen the full figures on Bryan and Taft have been received. From the others have come, as stated, the pluralities for one or the other as figured by the local correspondents. Using these figures, Taft's vote in state and city combined is 111,267 and Bryan's 111,131.

The Maryland delegation in congress remains unchanged in political complexion.

BRYAN IN THE LEAD.

But Result in Missouri is Very Doubtful.

St. Louis, Nov. 5.—Returns compiled from every county in the state give Bryan a lead over Taft in Missouri of 67 votes. From 18 of the 114 counties, however, complete reports have not been received and for these counties the statisticians made careful estimates. Complete returns may change the result one way or another, and it is probable that the official count alone can determine whether Missouri has given its 18 electoral votes to Bryan or to Taft.

The same tables which give Bryan a lead of 67 votes, give Hadley for governor a lead of 15,148, making his election over W. S. Cowherd a certainty. This is the first time in nearly thirty-five years that Missouri has elected a Republican governor.

Indications still are that the Democrats will control the legislature on joint ballot by four or five votes.

TAFT FEELS GRATIFIED.

Says His Success Will Also Be the Success of the Country.

Cincinnati, Nov. 5.—W. H. Taft gave hearty expression to the gratification he felt on his election as president of the United States. Business, labor and agriculture, he declared, had supported him. His success, he said, should be also the success of the country, if his ability and endeavor could make it so.

"Please say that I am perfectly healthy, but tired," was the message Judge Taft wished uttered for him. With Mrs. Taft he enjoyed the pleasant household of the C. P. Taft family mansion all day, going forth only once, and then to receive the plaudits of thousands of his fellow townsmen as they lined the streets and filled the windows for blocks in the line of march of the parade of the Woodward high school pupils, faculty and trustees. Mr. Taft made the principal address at the cornerstone laying of the new building of this school, from which he graduated when a boy.

The function gave the city an opportunity to pay its first daylight tribute to the president-elect, and full advantage was taken of it. Judge Taft did not refer to the election or politics in his brief address, but confined himself to the history of the school, which held for him many fond memories.

Taft's Majority in Oregon.

Portland, Ore., Nov. 5.—Returns from Oregon give Judge Taft a lead of 26,617 over Bryan. These returns give Debs but 3,109 votes, Chas. I. 284 and Hagen 178. Later returns probably will increase Taft's lead, his total majority going to 29,500 or more.

PRESIDENT ELIOT RESIGNS

Head of Harvard University Declines to Explain Act.

Boston, Nov. 5.—President Charles W. Eliot of Harvard university declines for the present to make any explanation of his resignation, which was presented to the board of overseers of Harvard college at a special meeting in this city and accepted. In university circles it is commonly understood that President Eliot, who will be seventy-five years old next March, and who has been at the head of Harvard for forty years, desires to be free from the cares of office the remainder of his life.

Business Man Killed.

Watertown, S. D., Nov. 5.—A fatal shooting affray which marked election day in Codington county has prevented any celebration over the returns. Will Bond, a prominent business man of Florence, in the northwest corner of the county, was killed, it is said, without provocation by Gunter Tange, a farmer living near the town. Tange, it is declared, was intoxicated.

Emery wheels are made by pulverizing pieces of emery and then mixing just with clay into suitable molds and firing like earthenware.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every taint or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.
